SONGES  
of sundrie kindes:

1604

I. Shaded with Oliue trees.

Shaded with Oliue trees sate Celestina singing,  
Then the warbling birdes more sweet harmony ringing,  
With curious cost that gold embost  
her fingers duellie placed,  
Whiles voice and hand both at command  
each other truely graced,  
Thus vsing time not loosing time  
right well apaide  
Shée closd her ditty with Oh tis pretty  
to liue a maide.
