

Thomas Greaves

SONGES  
of sundrie kindes:

1604

IX. Inconstant Laura.

The second part.

Inconstant Laura makes mee death to craue:  
For wanting her I must embrace my graue:  
A little graue will ease my malady  
And set me free from loues fell tyranny:  
Intombe me then and shew her where I lye  
And say I dide, through hir inconstancy.
